Our fast turn around time 23 days and excellent customer service is second to none. RUSH service and Air Shipping are also available for an extra charge. We will take your motor completely apart, square the cylinder base to the bore, align and polish the crankshaft, replace the stock bearings with high performance dual bearings and the stock crankshaft seals with new low friction units, install new race spec piston rings, hand lap the engine cases, match the intake manifolds and muffler to the cylinder, properly jet the carburetor, install an advance timing flywheel key if desired depending on your tracks tech, new high compression spark plug and a whole bunch of other details to produce more power, more RPMs and less friction. The motor is then precision reassembled to our exacting specs. We will also cc the combustion chamber to be sure that the volume set at the minimum legal limit. After reassembly your precision built engine is tested on our Precision Engine Dyno. This service includes break in, jetting changes and adjustments to get maximum power from your engine. You get the printed read out with all the crucial settings documented for your reference. It includes all of the work done above with the addition of cylinder mods with higher compression, piston mods, exhaust mods and our BIG BORE 16mm carburetor. This service will really make your motor rip but can only be used at tracks with no rules or just to cheat along with the cheaters. Includes our Engine and Chassis tuning manual which has a wealth of information that we developed over years of racing, testing and engine building. Also included are 4 high compression NGK Spark Plugs, Our Advance Timing Flywheel Key and High Flow Fuel Line. Our MM16 racing carburetor looks just like the stock carb from the outside but the bore is a whopping 2mm larger at 16mm. This is especially true in the upper RPM range where the power just keeps on pulling.

<http://www.efodis.com/images/bunton-parts-manual.pdf>

Great for adding that needed boost when visiting no rules tracks and then you can easily switch back to your stock carburetor for legal tracks. Many top class champs run Midwest Mini BP Carburetors! Have those jets ready when you need them! Fast Shipping! Warning Last items in stock. You must select at least 1 quantity for this product. There is 1 item in your cart.
